

Dear Chamber CEO,

As you already know, **Chinese leaders just agreed with President Trump during their meeting last week at White House, to buy more from made in USA and North America.**

Started in the year 2000, Citslinc promoted the business talks between North America and China, many chambers reached into the deals during their chamber trip with Chinese business people, and sold their chamber products to China. **For example, Lodi Chamber sell their wine, Tulare Chamber sell their hay to China from California.**

We get positive support from the US Government and Chinese Government on these business talks and deals. You might find more successful examples from our website at www.citslinc.org or from the attachments of this email.

If you want to refer your membership to join our business talks with Chinese business people, please let me give you more details of know how. Traditionally, chambers are just promoting for the local economic prosperity among the memberships. **Now, please catch up this great opportunity, to lead your membership to international to double or triple the profit for your business.**

Best Regard.

Leo Liu
President
Citslinc International, Inc.

BUSINESS CONFERENCE

- 1) The chamber mission to China is with both tour interest as well as business interest.
- 2) During the day we go sightseeing, only one day time (or evening) business conference held during the whole journey.
- 3) Anybody try to join in this conference should fill in the business inquiry form, and give it to chamber, chamber give me, I give to China side to screen up the Chinese counterpart before the tour.
- 4) Normally not everybody in your chamber trip would like to sign up and join in the business conference.
- 5) Every other day we hold up one business conference in Beijing or Shanghai (the exact date is printed on your final itinerary with the flight tickets), every day we have 500 passengers go to China, so usually on the business conference day, there might be 60 up to 100 business people from the U.S.A., while 60 up to 100 from China, but we manage to offer you one to one talk for detail business by match making.
- 6) We might invite our elected official and Chinese government representatives to make a friendly speech to start the meeting, our chamber leaders and Chinese chamber leaders give introduction to the business people on the both sides. Then we sit down for one to one talk. There might follow by the agreement or contract sign up. The major topics Chinese business people like to ask and talk with us are on those industry fields of agriculture, manufacture, pharmaceutical, biologic medicine, IT industry and so on. We have many successful cases from our previous experience before on our web site www.citslinc.org
- 7) The business conference is something looks like a off-work mixture as a chamber activity. Citslinc did not charge any business consulting fee over the tour fare from any passenger for this trip, so we do what we can do, but we do not promise everybody could find a buyer or supplier from the business conference. If only few attendees on a day, sometimes we reduce the meeting level, instead of the big conference, we just invite the detail match talking Chinese counterparts at small discussion meeting scale.

8) Industrial Field Chinese Like to Talk with Chamber Groups from Canada or USA:
